GUIDANCE NOTES –

Who may give consent?

1. It is presumed that anyone aged 16 or over is competent to give consent for her/himself unless the opposite is demonstrated. If a child under the age of 16 has 'sufficient understanding and intelligence to enable him or her to understand fully what is proposed', then he or she will be competent to give consent for him/herself. Young people aged 16 and 17, and legally 'competent' younger children, may therefore sign this form for themselves, but may like a parent to countersign as well.
2. If a child is unable to give consent him/herself, person(s) with parental responsibility for the child may provide information about their wishes in relation to the child. However, the final decision to disclose information lies with the healthcare professional in charge of caring for the child. Any decisions taken must be in the best interests of the child. Even where a child is able to give consent him/herself, a healthcare professional with responsibility for caring for the child should involve those with parental responsibility for the child's care, unless the child specifically asks the healthcare professional not to do so.
3. If a patient is mentally competent to give consent but is physically unable to sign a form, this form should be completed and signed by an independent witness as confirmation that the patient concerned gave consent orally or non-verbally.
4. Where an adult patient (aged 18 or over) lacks capacity to give or withhold consent, decisions must be taken by the healthcare professional in charge of the care of the patient. Decisions must be made in the best interests of the patient, taking into account any wishes that may have been previously expressed by the patient (for example, before the loss of capacity) and any views or wishes expressed by the patient's family or friends.

NODIADAU CYFARWYDDYD

Pwy all roi caniatâd?

1. Tybir y bydd unrhyw un sy'n 16 oed neu drosodd yn gymwys i roi caniatâd drosto/drostri ei hun oni bai y dangosir i'r gwrthwyneb. Os bydd plentyn o dan 16 oed yn meddu ar 'ddigon o ddealltwriaeth a deallusrwydd i'w alluogi i ddeall yn llwyr yr hyn a gynnigir', yna bydd ef neu hi yn gymwys i roi caniatâd drosto/drostri ei hun. Felly gall pobl ifanc 16 ac 17 oed, a phlant iau 'cymwys' yn gyfreithlon lofnodi'r ffurflen hon eu hunain, ond efallai y byddant yn dymuno i riant ei llofnodi hefyd.
2. Os na fydd plentyn yn gallu rhoi caniatâd drosto ei hun, gall unigolyn â chyfrifoldeb riant dros y plentyn roi gwybodaeth am ei ddymuniadau mewn perthynas â'r plentyn. Fodd bynnag, cyfrifoldeb y gweithiwr gofal iechyd proffesiynol sy'n gofalu am y plentyn fydd penderfynu'n derfynol a ddylid datgelu gwybodaeth. Rhaid i unrhyw benderfyniadau fod er budd y plentyn. Hyd yn oed pan fydd plentyn yn gallu rhoi caniatâd drosto ei hun, dylai gweithiwr gofal iechyd proffesiynol â chyfrifoldeb am ofalu am y plentyn gynnwys y rhai sydd â chyfrifoldeb riant am ofal y plentyn, oni fydd y plentyn yn benodol yn gofyn i'r gweithiwr gofal iechyd beidio â gwneud hynny.
3. Os bydd claf yn gymwys yn feddylol i roi caniatâd ond na fydd yn gorfforol yn gallu llofnodi ffurflen, dylai'r ffurflen hon gael ei chwblhau a'i llofnodi gan dyst annibynnol fel cadarnhad bod y claf dan sylw wedi rhoi ei ganiatâd ar lafar neu'n aneirol.
4. Lle nad oes gan glaf sy'n oedolyn (18 oed neu drosodd) y gallu i roi neu atal caniatâd, rhaid i benderfyniadau gael eu gwneud gan y gweithiwr gofal iechyd proffesiynol sy'n gofalu am y claf. Rhaid i benderfyniadau gael eu gwneud er budd y claf, gan ystyried unrhyw ddymuniadau a oedd wedi cael eu mynegi yn flaenorol gan y claf (er enghraifft, cyn colli'r gallu i wneud penderfyniadau), ac unrhyw farn neu ddymuniadau a fynegwyd gan deulu neu ffindiau'r claf.
